

## **Timeline for Implementation**

2012–2013

- Programs and teachers become familiar with the new standards.
- Professional development is designed and deployed to support implementation of the new standards.
- Model curricula and other supports are developed by partner state agencies.
- Standards–Curriculum–Assessment–Alignment (SCA–A) Tool and accompanying professional development is created by partner state agencies.

2013–2014

- Early childhood programs align adopted curriculum to the new standards using revised SCA–A Tool.
- New standards in all domains are integrated into early childhood programs.
- On–going professional development is available to support implementation.
